1. NASTAR Team Points are a great way to score a series of races because each competitor's age and gender are factored into their score. The NASTAR handicap chart shows the number of team points scored based on the medal won. Click [here](#) to view the NASTAR Handicap Chart. The number of team points indicated on the chart is a range. Since team points are interpolated, the exact number of team points earned will be within this range. The exact number of team points scored is indicated on the results page for that race.

2. 100 Point Scale. Competitors score points based on the place they finish in the race.

Place:	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25
